Dynatrace Associate Certification
Exam Mindmap

dynatrace

dynatrace

Configuration
- Installation
  - ActiveGate
    - Environment
    - Cluster
  - OneAgent
  - Agentless RUM
  - RUM browser extension
- System Settings
  - Global settings
    - Monitoring
      - Web and mobile
      - Server-side service
    - Tagging
    - Preferences
      - Updates
  - Entity
    - Hosts
    - Databases
    - Applications
    - Process Groups
      - Services
    - Tagging

Data
- Dashboards
  - Tiles
  - Charting
- Reports
  - Availability
  - Service quality
- Dynatrace Mobile Application
- Retention

Dynatrace Managed
- Mission Control
- Management
  - Updates

Problems
- Detection
  - Baselines
- Resolution
  - Root Cause Analysis
- Events
- Anomaly detection

Full stack monitoring
- Application discovery
  - Smartscape
    - Dependencies
    - Topology
- Infrastructure Monitoring
  - Hosts
    - Process Groups
      - Services
        - Service Flow
        - Service Types
      - Processes
    - Host Health
  - Databases
    - Response Time
    - Load and Failure Rate
  - Log Files
    - Log monitoring
  - Virtual machines
  - PaaS
- Artificial intelligence

Network Monitoring
- Traffic
- Retransmissions
- Connectivity

Application Monitoring
- Web
- Mobile
- Enterprise
- SaaS
- Performance Analysis
  - Actions
  - Metrics
  - JavaScript errors
  - 3rd party providers
- Business insights
  - Business transaction monitoring
    - PurePath Technology®

Digital experience management
- Availability Monitoring
  - Synthetic Monitoring
    - Browser Clickpath
    - Browser Monitor
    - HTTP Monitor
- Real User Monitoring
  - User sessions
    - Charts
    - Details
    - Actions
      - Entry
      - Exit
      - Key
      - Metrics
  - Configuration Options
  - Tagging
  - User behavior analytics
    - Sessions
      - Session Replay
    - Bounce Rate
    - Conversion
